PERSONAL DETAILS

Age : 23
Gender : Male
Nationality : Indian
Languages: English, Hindi,
Malayalam, Arabic

COURSEWORK

GRADUATE

Data Mining
Theory of Computation
Distributed Systems
Compiler Construction
Artificial Intelligence
Software Engineering
Computer Organization

SKILLS

PROGRAMMING

Proficient in:
Golang • Python • C/C++

Familiar with:
Swift3 • PHP • JavaScript

FRAMEWORKS/TOOLS

Proficient in:
HyperLedger • Ethereum
• Corda • NodeJS

Familiar with:
Xcode • Android Studio • PyCharm

EXPERIENCE

BLOCKCHAIN ENGINEER | NETOBJEX INC.

Apr 2018 – Present | Phnom Penh, Cambodia

- Leading a team of five blockchain developers
- Design and build Blockchain frameworks and assets
- Research on new developments and improvements in DLT
- Keywords : Golang, HyperLedger, Ethereum, Stellar, Corda

JR. SOFTWARE ENGINEER | REUBRO INTERNATIONAL

Aug 2017 – Mar 2018 | Kerala, India

- Develop native iOS applications using Swift4
- Keywords : Core-Location, ARKit, CoreData

PROJECTS

RXMED | MEDICAL DATA ON BLOCKCHAIN

Hyperledger Fabric
Develop a blockchain application that lets pharmacies, hospitals and doctors securely view and manage patient records. Also developed an automated bidding system for pharmacies.

TRUEFEEDBACK | DECENTRALISED SURVEY PLATFORM

Ethereum DApp
Developed a decentralised survey platform on Ethereum, that automatically pays users ERC-20 tokens on the completion of the survey. The survey is governed by a smart-contract that handles the pay out.

CERTIFICATIONS

CERTIFIED BLOCKCHAIN ARCHITECT | BLOCKCHAIN TRAINING

ALLIANCE
Passed the Blockchain solutions architect exam by Blockchain Training Alliance

ACHIEVEMENTS

MOZILLA FESTIVAL 18 | LONDON

Facilitated a session on how to build a decentralised data sharing platform using Blockchain.

FUTURE YOUTH SUMMIT 18 | KUALA LUMPUR

One of the 500 delegates to attend the first ever FUYOH summit, brainstorming on the future of Digitalism
